I. Authority

This section is enacted in accordance with the provisions of RSA 674:21.

II. Purpose and Objectives

The purpose of the accessory family apartment provision is to provide increased flexibility with respect to housing alternatives for families in Kingston while maintaining health, safety, aesthetics and quality of the Town's neighborhoods.

The objectives of this Section are to:

- (b) Add more units to the housing stock to meet the needs of smaller households, both young and old;
- (c) Protect stability and property values, in Single-family residential, Single-family residential-agricultural and Historic District I and II zoning districts by ensuring that accessory apartments are installed only in owner-occupied houses and under such additional conditions as to protect the health, safety, and welfare of the public.

III. Definitions

Accessory Apartment: One apartment, provided it is located within a single-family dwelling and is clearly a subordinate part thereof, and has safe and proper means of entrance and exit, and meets the requirements set forth here.

IV. Special Exception

- A. A special exception allowing the installation of one (1) accessory apartment within a detached single-family dwelling shall be issued by the Zoning Board of Adjustment provided that the following conditions are met:
- (a) The proposed use must conform to the dimensional requirements of a single-family lot and meet all existing building requirements.
 - (b) The single-family dwelling shall not be located within an innovative zoning development
 - (c) The accessory apartment shall be designed so that the appearance of the building remains that of a one-family dwelling. There shall be one egress to the primary living area and one egress shall be located on the side or in the rear of the building.

 - 1) evidence to the Town health officer that septic facilities are adequate for both units according to the standards of the Town and the N.H. Water Supply and Pollution Control Division. If deemed necessary by said health officer, such evidence shall be in the form of certification by a State of NH licensed septic system designer. Also, the owner shall provide evidence that there is adequate potable water according to the standards of the State of New Hampshire. Amend Article VII Supplemental Provisions by adding a section outlining the requirements for the construction of Accessory Family Apartments to become a new section 7.80.

ACCESSORY FAMILY APARTMENTS ORDINANCE

I. Authority

This section is enacted in accordance with the provisions of RSA 674:21.

II. Purpose and Objectives

The purpose of the accessory family apartment provision is to provide increased flexibility with respect to housing alternatives for families in Kingston while maintaining health, safety, aesthetics and quality of the Town’s neighborhoods.

The objectives of this Section are to:

- (a) Provide for the construction of accessory apartments in existing single-family dwelling units to be occupied by family members, thereby lessening fluctuations in the demand for Town services, e.g., education and elderly care;
- (b) Add more units to the housing stock to meet the needs of smaller households, both young and old;

- (c) Protect stability and property values, in Single-family residential, Single-family residential-agricultural and Historic District I and II zoning districts by ensuring that accessory apartments are installed only in owner-occupied houses and under such additional conditions as to protect the health, safety, and welfare of the public.

III. **Definitions**

Accessory Apartment: One apartment, provided it is located within a single-family dwelling and is clearly a subordinate part thereof, and has safe and proper means of entrance and exit, and meets the requirements set forth here.

IV. **Special Exception**

- A. A special exception allowing the installation of one (1) accessory apartment within a detached single-family dwelling shall be issued by the Zoning Board of Adjustment provided that the following conditions are met:
 - (a) The proposed use must conform to the dimensional requirements of a single-family lot and meet all existing building requirements.
 - (b) The single-family dwelling shall not be located within an innovative zoning development
 - (c) The accessory apartment shall be designed so that the appearance of the building remains that of a one-family dwelling. There shall be one egress to the primary living area and one egress shall be located on the side or in the rear of the building.
 - (d) The size of the accessory apartment shall be a minimum of 600 square feet, and shall not exceed 1/3 of the living area of the entire dwelling (both units).
 - (e) The dwelling to which an accessory apartment is to be added must be, and continue to be, owner occupied.
 - (f) Only one bedroom is permitted in the accessory apartment.
 - (g) Off-street paved or gravel parking shall be provided for at least four (4) vehicles.
 - (h) The structure and lot shall not be converted to a condominium or any other form of legal ownership distinct from the ownership of the existing single-family dwelling.
 - (i) Prior to granting a special exception by the ZBA, the owner shall provide, as part of the ZBA case file, the following:

- 1) evidence to the Town health officer that septic facilities are adequate for both units according to the standards of the Town and the N.H. Water Supply and Pollution Control Division. If deemed necessary by said health officer, such evidence shall be in the form of certification by a State of NH licensed septic system designer. Also, the owner shall provide evidence that there is adequate potable water according to the standards of the State of New Hampshire. The health inspector then shall indicate his approval in writing to the ZBA.
 - 2) a floor plan of one-quarter inch (1/4") to the foot scale showing the proposed changes to the building.
 - 3) a sketch plan (drawn to scale) of the lot, with existing and proposed structures and parking.
 - 4) evidence must be submitted to the building inspector that all building requirements can be met. The building inspector shall then indicate his approval in writing to the ZBA.
- (j) The accessory apartment shall be subject to the standards and conditions for a special exception as set forth in this Ordinance.

B. If a home that had a special exception permit for an accessory apartment is transferred, then said exception shall cease.

ARTICLE 8: Are you in favor of the adoption of Article 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amend Article VII Supplemental Provisions by adding a section outlining the requirements attendant to Residential Home Occupations to become a new section 7.90.

1. PURPOSE

The standards of this Section dealing with home occupations are designed to protect and maintain the residential character of a neighborhood while permitting certain limited commercial activities which are traditionally carried out in a home.

2. DEFINITION

Home occupation is defined as any business, occupation or activity conducted for gain within a residential building, or an accessory building thereto, which is incidental or secondary to the use of such building for dwelling purposes and which does not change the essential residential character of the building. This

regulation applies to all zoning districts.

3. STANDARDS

- 1.1 The home occupation shall be conducted solely by the number(s) of the immediate family that reside(s) in the dwelling unit except that one (1) additional non-resident may also be employed.
- 1.2 No sign other than a name plate not more than one square foot in area shall be allowed.
- 1.3 No display that will indicate from the exterior that the building is being utilized in part for any purpose other than that of a dwelling shall be allowed.
- 1.4 No equipment or process shall be used in a home occupation which creates noise, vibration, glare, fumes, odors, or electrical interference detectable to the normal senses off the lot if the occupation is conducted in a single-family dwelling; or outside the dwelling unit if conducted in other than a single-family dwelling.
- 1.5 All home occupations shall be conducted entirely within an enclosed building.
- 1.6 No materials or equipment associated with the home occupation shall be stored outside the building.
- 1.7 The following businesses, occupations or activities are specifically prohibited:
 - 1.71 Motor vehicle and accessory sales or rental, repair and/or painting, including trailer rental or sales.

- 1.8 The home occupation shall not involve the use for delivery of materials to and from the premises or the on-site, over-night parking of commercial vehicles over two (2) tons gross weight. The intent is to permit delivery vehicles such as United Parcel Service vehicles but to exclude tractor-trailers and other large, heavy commercial vehicles.
- 1.9 Home occupations that meet all the requirements of this ordinance are exempt from site plan review.

2000 REPORT OF TOWN CLERK - TAX COLLECTOR

In 2000 there was an increase of \$47,204 in Motor Vehicle revenue, compared to \$64,242 in 1999, \$82,766 in 1998, \$53,016 in 1997. Total vehicles registered increased by 255 to 8611. Total receipts for the Clerk increased by \$94,615.54. Last year the increase was \$71,641.78 and the year before was \$77,132.57. Boat tax revenue decreased by \$302.40 due to the late mailing of the forms by the State. Validation of the pre-printed mailed forms starts in January.

Vital Statistic reports came into our office quarterly from the State Vital Records Department in Concord. The reports received are in the back pages.

More dogs were licensed in 2000 and the revenue decreased by \$20.00. The Police Department, Ray Glidden-Animal Control Officer and Karen McMahon-Animal Control Officer have helped me get delinquent dog licenses collected. Many thanks to the Police Department for their excellent cooperation. Starting June 1st there is a \$1.00 per month penalty added for each dog.

During the year we registered 168 voters, did 21 name changes, and made 153 party changes. We do all this work in conjunction with the Supervisors of the CheckList. They registered 383 voters, did 192 party changes and authorized the removal of 162 names. We appreciate the great cooperation of the Supervisors: Leo J. Moriarty, Chairman; Robert L. Pothier, Jr. and Eddie C. Thurnquist.

In 2001, there will be one election: Town Meeting on March 13th. Polls are open 8 a.m. to 8 p.m. The deliberative session of Town Meeting will be held on February 6, 2001. A booklet will be sent out again this year prior to the voting to help everyone understand the articles. Call with any questions.

We have continued to keep the census daily and as of 12/31/2000 the population was 7197, an increase of 169 from last year. In order to keep these figures on a current basis, 1143 entries were made. We need your cooperation to let us know when anyone moves in or out of your home, as it is very difficult to keep track of people who are constantly "on the move".

As of December 18, 2000 we are now ONLINE with the Motor Vehicle Department in Concord. This means that when you leave the office you are already "on line" in the State computer system. This has been a complicated training process and hopefully everyone will be happy with the results. Thanks to everyone for your patience.

The two property tax warrants totaling \$7,503,507.13 show an increase of \$693,336.82. I am very pleased to report that as of the end of the year 94.87% had been collected. Thanks to all for the prompt payments. In 2000 the first installment was due on July 1st and the second one on December 1st. There is still **MUCH** confusion on the double year billing and many people paid the total estimated bill on July 1st instead of the first installment. This created a credit on these accounts, which was carried over onto the next bill. However, some residents paid the total bill again instead of the second installment creating an even bigger credit balance. This all meant that 39 refunds had to be issued by the Board of Selectmen, as instructed by my report. If there are any questions, please call me first at 642-3112.

The Selectmen estimated the rate for the first bill at \$18.95. The official 2000 tax rate of \$20.55 was received from the Department of Revenue Administration on October 30. The bills were in the mail on November 1st. This meant working "day and night" to accomplish this rapid "production"!! This year, thank heaven, there were no delays for a computer problem. We did experience major problems with the two large Tax Services, Trans America and First American because both companies sent in "dummy" tax bills instead of the original bill. These have only the net amount paid; so each bill had to be researched to find the original amount before we could figure the discounts. Also, these two tax services held the funds until the last day and sent everything to us on November 29, November 30 and December 1. There are so many entries that it took hours and hours to enter all this work. That was in addition to waiting on all the "customers" at the window.

Several balances in the lien file have again been reduced. These payments are greatly appreciated. Partial payments are always welcome. After the taxes go into the lien file (usually in May), the interest increases to 18% per annum. The owner still has 2 years to redeem the property.

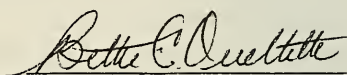

The **Kingston Days** was again a huge success and everyone enjoyed the festivities. Volunteers are always needed. If interested, please contact

Chairman Joe Thompson if you would like to help. Come join the fun in 2001 on August 3, 4 & 5. Horseshoes will be continued as well as the Car Show, Flea Market, Dunk Tank, Fiddler's Contest, Crafts, Art Show, etc..etc...Souvenirs are available all year at my office and we have a special booth out on the Plains for the August event.

Well, another year has passed and another "service bar" has been added for me. Time still flies as I continue to serve to the best of my ability and I wish to express my deep appreciation for all the cooperation that I receive from all elected officials as well as all various committee members. All town employees work together very well to serve the residents. I am deeply indebted to Holly Ouellette, the Deputy Town Clerk-Tax Collector, for her continued complete dedication to the Town. Rest assured, she knows fully well the whole operation in case of my absence. In August we were sorry to receive the resignation of Kathryn Lafond who found it necessary to go to Louisiana to be with her mother. On October 30th, we were fortunate to get a replacement when Wynne Goglia was hired. She has already become an asset to our office and we look forward to her continued good work.

Many thanks to all the Town employees, especially the Selectmen and the girls in their office - Ann, Mary, and Kathy. Also, thanks to Donald W. Briggs, Jr, Police Chief; Alan Krauss, Maintenance Superintendent; Ellie Alessio, Moderator; Richard D. St.Hillaire, Road Agent; and Norman Hurley, Fire Chief. Everyone works together to make our Town run smoothly and efficiently.

Thanks to all residents for your continued support and cooperation.

I would like to thank the Townspeople of Kingston for electing me Town Treasurer these last five years. The job has been both rewarding and frustrating. I want to thank the Boards of Selectmen, Budget Committees and Department Heads that I have worked with - your help and support and has been most appreciated. I also want to thank Donna Winslow for serving as Deputy Town Treasurer and Mary Willard (Town Bookkeeper) for her patience and help.

Being involved in the town has been most rewarding, I recommend the experience to everyone.

~ REPORT OF THE BOARD OF SELECTMEN ~

As noted in last year's report, the single biggest issue for the town is the planning for the landfill closure starting in 2003. In order to accomplish this task with little or no impact to your tax rate, we have continued efforts to accrue sufficient funds in the dedicated landfill account. As the only remaining municipal landfill in southeast New Hampshire and the continuing robust economy, we have seen tonnage increase from under 15,000 to over 40,000 in the last two years. As a result of this increase and the revenue generated from it, we are well within reach of our financial goal for closure.

2000 also saw changes in the personnel of the town. Our Town Treasurer, Dorothy Wagner, moved to a not-to-distant town several months ago. We have been fortunate in that she agreed to continue with her duties until the election of a new treasurer in March. As we noted last year, Dorothy was primarily responsible for moving the town to twice a year tax collection and the savings that resulted from that change. For her commitment and diligence to our town, we are sorry that Dorothy has made this change, but wish her continued success. As a result of her efforts and those of all the town's hard working employees, we have returned over \$100,000 to the general fund this year.

Also, we are all aware (or should be) that the functioning of this town depends greatly on the efforts of its volunteers. For many years, Recreation Commission members Francine Heitz, Kurt Baitz, Mary Magnusson and Kathy Carson have given tremendous amounts of their time to everything from the summer youth program, senior citizen outings, various holiday celebrations and the Halloween Walk. Kurt and Mary recently left the board and Francine and Kathy have declined re-appointment when their terms are up in March. On behalf of the Town, thank you for all your hard work and dedication. You will all be greatly missed.

NICHOLS MEMORIAL LIBRARY

2000 Annual Report

After years of searching by the Library Board of Trustees, we are excited to have found a wonderful piece of land on which to build the new library. Pending approval at the town meeting in March, money will be removed from the library capital reserve fund to purchase the land and begin construction on the new town library.

The library's automation system has been up and running for one year, and is performing above expectations. Since it was purchased over a year ago, we have added several new features, including Web Connect, the Web Resource Library, access to the catalog through the library website on the Internet, and two additional public access catalog computers. We also offer the online database ProQuest, which is funded by the New Hampshire State Library. All of these new features greatly expand the library's access to information and improve reference services to Kingston residents.

Circulation at the library has continued to rise, especially in the area of audiovisual materials, which has increased 50%. Videos, books-on-tape, compact disks and audiocassettes are extremely popular. Due to increased demand, the library added a DVD collection in November. We will be adding titles to this collection every month, as more people are purchasing DVD players.

2000 Report of The Kingston Police Department

As we enter the new millennium the department continues to meet new challenges. Each year we experience a considerable increase in calls for service. This year the department answered 18,188 calls for service. This number represents a 16 percent increase over last year's calls totaling 15,649.

In the year 2000 the department applied for a grant from the United States Department of Justice, Office of Community Oriented Policing Services. This grant will fund a school resource officer, if approved. The mission of this program places emphasis on school safety through effective enforcement of laws and regulations utilizing a community friendly approach within the schools. The intended purpose of this project is to make schools safe from weapons, crimes, substance possession and abuse. This grant will support the Safe School Act as accepted by the State of New Hampshire.

Also in the year 2000 we applied for federal grant money to assist the town in upgrading our two-way radio system. The current radio system has been utilized since 1979. This system is inadequate and a major safety concern, as officers frequently have difficulty communicating emergency messages. At the annual 2001 Town Meeting the department would greatly appreciate your support regarding the replacement of this system.

The Police Department is usually the first to respond to all emergencies. As a result of this we assist the Fire Department by keeping oxygen, emergency medical supplies and defibrillators in our cruisers. These enables us to provide quick and effective emergency medical service to our residents until more qualified assistance can be rendered by our dedicated EMT's of the Kingston Fire Department.

For the second year we have been fortunate to receive the donation of a third defibrillator to place in one of our cruisers. I would like to thank Mrs. Ruth Magnusson for this gracious donation. Throughout the year we have received numerous donations to assist us in reducing the tax burden to our residents. I would like to thank the residents for their continued support, appreciation and donations.

I would like to thank the following men and women of the Kingston Police Department for their dedication and commitment in providing the most professional, timely and efficient services to all of our residents.

~ REPORT OF THE KINGSTON FIRE DEPARTMENT ~

As 2000 ends, the Kingston Fire Department has had an ever-changing year. The number of fire calls remained about equal to last year with 222 calls by mid-December. The volume of ambulance patients increased slightly to 465 by mid-December. The real story is the incredible escalation of tragic calls this past year. Fire personnel were put to the test on many occasions. Fire and medical personnel put their full team effort together several times this year. Many times life-saving decisions were made and heroic actions were taken effortlessly. Other times efforts and actions were pushed to the limits when the tragic conclusion had already been suspected.

The 40 plus fire department members and officers set a standard of excellence through training and commitment which has created a group of dedicated professionals. I would like to thank each and every member for their tireless efforts throughout this past year. They have devoted countless hours of their free time to training and maintenance for very little compensation.

One of our main goals this year was to improve public safety by requiring that all places of assembly be inspected to meet the minimum life safety codes set by the Town and the State of New Hampshire. This is an ongoing process of working diligently with many organizations to achieve this goal.

This past year, two of our most committed members have turned in their gear and placed themselves on inactive status. Donald Briggs, Sr. has been an active, involved member of the Kingston Fire Department for the past 43 years. He has held almost every position from Fire Ward, Acting Chief, Truck Engineer and a long-time Kingston Ambulance driver. His commitment to the Town of Kingston has been second-to-none. Dale Winslow has likewise shown a 29 year dedication to the Kingston Fire Department. He was a New Hampshire State Certified Fire Fighter II fireman, has held the office of Fire Ward, Truck Engineer and a long-time Kingston Ambulance driver. We appreciate their past commitment and service, and wish them both the very best in years to come.

With regular maintenance and replacement programs in place, the Town of Kingston continues to ensure a well-equipped emergency service for its residents. This coming year, we are requesting funding for some equipment that will allow us to continue with our expected level of service. We are hoping to purchase an advanced life support ambulance and new breathing apparatus equipment in the upcoming year.

The members of the Kingston Fire Department appreciate the continuing support from the residents of Kingston. Their willingness to support our needs allows us to achieve our commitment and goal to deliver a top-notch fire and ambulance service.

Report of the Forest Fire Department

While you may think that Kingston has very little area that would be susceptible to a forest fire, you should remember that our total area is almost 24 square miles. Even though much of our land is easily accessible from roads and new developments, there is still a great deal of land that is quite remote and can only be reached by foot.

2000 was not a busy year for forest fires. Due to the strange weather conditions, our fires were limited to small areas that were started accidentally or that were kindled illegally. All of these fires were reported as brush or woods fires and responded to accordingly. Associated with these fires, there was very little loss of property.

It is important for all residents to know that a permit is required for all outside burning unless the ground is snow covered. If the ground is snow covered, residents can burn anytime of day or night. If there is no snow cover, a permit is required. If it is raining, a permit is required and residents can burn while it is raining regardless of the time. If it is not raining, a permit is still required and you may only burn between the hours of 5:00 PM and 9:00 AM. The State of New Hampshire also issues warnings on days when burning should not take place.

Burning permits are free of charge and can be obtained by calling the fire station weekdays at 642-3626 or by calling any of the forest fire wardens listed on the cable access channel. The wardens will explain all of the state rules that apply to outside burning.

Any person who sees an outside fire should call 911 immediately. The time lost while checking to see if there is a permit associated with the fire may make all of the difference.

Bill Timmons, Forest Fire Warden.

~ REPORT OF THE HIGHWAY DEPARTMENT ~

The first order of business is to thank the voters of Kingston for their support on numerous issues.

#1 Thanks for your votes to re-elect me as your Road Agent. After an eight month period where I worked for Brox Industries, I appreciate your support in allowing me to be your Road Agent again.

#2 Thanks for approving the purchase of a new backhoe. This purchase was much needed and the new machine is working every day on your roads.

#3 Thanks for your vote to fund the equipment capital reserve fund. It's important to continue to support this as we now need to replace a 1986 plow truck and, in the near future, a 1985 pickup truck.

#4 Thanks to the Board of Selectmen for allowing me to hire two new employees. After being short handed for eighteen months, it certainly helps to be fully staffed so we can better serve you.

Please feel free to contact me with your comments and concerns.

*Richard D. St. Hilaire

~ REPORT OF THE PLAINS BEAUTIFICATION COMMITTEE ~

I am very happy to report that numerous trees were planted on the Common. Thanks to Brian D. Shuman, DMD, for his donation of \$1509.45.

I would like to thank Alan Krauss, the Town Highway Department and the Board of Selectmen for their help and cooperation.

We are still accepting memorial donations toward trees so that we can keep our Common beautiful.

REPORT OF THE KINGSTON PLANNING BOARD

2000

It is customary to fill this Annual Report with listings of facts, accomplishments and other details that may, or may not, be of interest to anyone who chooses to read it. We often leave the personal acknowledgements to the end where, I suspect, most readers seldom get to.

So, I will start by thanking the Board Members for their many hours of volunteer time to the Town. Kingston is fortunate to have a Planning Board comprised of individuals with diverse backgrounds, skills and interests. This makes for lively conversation and debate on topics that come before the Board for review. The result is a healthy dialog that concludes with decisions that reflect the time and effort expended by each and every Member; and that follow State Law, Town Zoning Ordinances and Regulations. The Kingston Planning Board takes its responsibilities seriously, acts in the Town's best interest and serves at the pleasure of you, the residents of Kingston.

Three other individuals deserve mention here. Circuit Rider Planner, Glenn Greenwood; Town Engineer, Ken Briggs; and Secretary, Sally Cockerline provide the Board with valuable support and assistance. The Planning Board is indebted to them for their fine work, expertise and dedication to "getting the job done" each and every day.

As for the Board's function, it has been another busy year. The Planning Board meets at least three times a month (usually the first, third and fourth Tuesdays) in the downstairs conference room of the Town Hall. Meetings are open to the public, begin at 7:00pm and can consist of Hearings and discussion on any mix of the following:

- Commercial/Industrial Site Plan Reviews
- Residential Subdivisions
- Lot Line Adjustments
- Ordinance/Regulation Review
- Master Plan Development & Updating

The Master Plan update continues to be a major task for the Planning Board. The Natural Resources and Land Use Chapters were the focus of the Board's attention this year. Progress is being made on this large effort, and we will be making the final push to conclusion in 2001.

As a final note, we offer our sincere thanks the other Town Departments, Committees and Commissions for their valuable assistance in the planning process. Our thanks, also, to residents who attend Board meetings and participate in the public process.

Glenn G. Coppelman
Chairman

Zoning Board of Adjustment Report 2000

The year 2000 was a busy year for the Town of Kingston's Zoning Board of Adjustment. There were twelve public hearings conducted this year.

This year also saw the retirement of long-time member and Chairman David Dearborn. Mr. Dearborn served his community by serving on the ZBA for seventeen years. We shall miss him and wish him well in all of his future endeavors.

The ZBA is a quasi-judicial board that has multiple duties: to grant variances, special exceptions and appeals of administrative orders, to allow fair use of a person's property without harming another's, to determine if an error has been made in the decision or determination of a Town Official or local land use board and to interpret the meaning of a zoning ordinance.

The Town of Kingston Zoning Board of Adjustment is an appointed board consisting of five members and at least three alternate members. The members are: Sally E. Cockerline, Asta Day, Thomas Eldridge, Benedetto Romano and Anthony Whitcomb. Many thanks for their dedication as well as the dedication of our recording secretary, Bonnie-Jeanne Cockerline.

The Board extends a sincere "thank you" to other Town Departments and Boards who assist us with their expertise and advice.

The ZBA meets on the second Thursday of each month, if an application for relief is received. The board welcomes volunteers to serve as alternate members.

Sally E. Cockerline
Chairman

~ REPORT OF THE BUILDING INSPECTOR ~

The Town of Kingston issued a total of 188 Building Permits in 2000. Of these permits, 31 were for new single family homes. In addition, Lamplighter Estates has begun construction adding to the elderly housing in Kingston.

Other permits consisted of pools, decks, sheds and additions. There were also 8 demolition permits issued.

In last year's report, I said that my goals were to simplify the building permit process but to crack down on those who ignored it. Knowledge was the key factor for making permits run smoothly. I tried to talk with all applicants about the inspection process. I informed them of the steps and inspections they would need for their project. Enforcement was done equally for all and hundreds of dollars were collected on projects that were done without permits. I hope to see penalties increased in 2001 for projects done without proper permits.

Once again this year I worked closely with Fire Inspector, Bill Seaman, on all new houses and additions. Safety was once again the top priority. Houses were built with proper detection and emergency egress. Stairways and doorways were checked for code compliance.

I am very happy with the communication opened between myself and the Planning Board. Working together, we were able to stop trouble before it happened. On new projects, I made sure people had met stipulations set by the Planning Board before an Occupancy Permit was granted. We will continue to make enforcement a priority.

We will strive for continued improvement. The process has become easier, enforcement has become equal and support is gaining from residents for penalties for violators.

*Richard G. Wilson
Building Inspector*

~ REPORT OF THE KINGSTON CONSERVATION COMMISSION ~

Do you enjoy a quiet walk in the woods? You can help the Kingston Conservation Commission with its conservation land monitoring, or perhaps trails management in our Town Forest. Do you spend your free time enjoying our lakes? The Kingston Conservation Commission is expanding its water sampling program to monitor the health of our lakes and find creative solutions to the downward trend that has been documented in Kingston Lake.

What's a watershed? Why are lawns damaging our lakes? What do soil types have to do with it? Become an informed citizen and share your knowledge by helping with an informative mailing or workshop coming this spring. Join a "stream team" to inventory wildlife and land use along our rivers.

You don't have to have a biology degree to participate - just an interest in maintaining the natural resources that Kingston has to offer.

Please contact a Kingston Conservation Commission member, drop a postcard to PO Box 223 or leave your name and phone number at the Selectmen's Office. You can help while you enjoy the great outdoors!

Diane Eadie
Chairman

REPORT OF THE RECREATION COMMISSION

The Kingston Recreation Commission is made up of a five member volunteer board, which has only been full for about a year. As you may be aware, Kingston Recreation has put forward a warrant article to create the position of a part-time paid Recreation Director. The reason for this, is to further improve the Recreation Commission to be better able to bring the residents of Kingston more recreational choice activities, as well as improve the towns recreational facilities. A person with training in the field of Recreation would have the time, desire and know-how to better plan and organize events and activities for the community, and also know where and how to look for grants to get funds for Recreation events, activities, expansion and improvements.

One of our members has recently resigned because of his overload of volunteerism in other areas. Another member and myself will finish up our terms come March. The other two members are staying on board and there are other people that are interested in joining the Recreation Commission, so hopefully it will be back to a full board soon. However, as you can see, most of the members will be new and it takes a good year to learn the ropes and implement a plan as far as what changes need to be made and where to go from here. We have tried for many years to improve the activities and involvement of our residents. I feel we have done a terrific job in planning, organizing, advertising and working the many events and activities that we offer to all age groups of our community. However, we feel that there is so much more a Recreation Commission should be offering its residents. Hopefully you see the need for this position and feel the same as we do about hiring a part-time paid Recreation Director to work together with the volunteer Recreation Commission.

We would also like to thank the volunteers on the Friends of Kingston Recreation and the Playground Committee. They have continued to work hard to finish up the combination ball-field and playground. This is an ongoing project, which is so desperately needed. Work on Phase II of this project should begin this year. Again this is a volunteer group, which is in dire need of more active members who want to see a well-built and organized recreation complex.

The Kingston Recreation Commission thanks the many groups and businesses that we have worked with over this last year to help bring the residents of Kingston the activities we offer. Without your help and support we would not be able to bring some of these activities to our community.

We hope you have been able to enjoy what the Recreation commission has had to offer. As you can see, we are always trying to improve and expand our offerings to better serve our residents. We hope you will support our efforts.

Chairman

~ AUDIT REPORT ~

The audit firm of Grzelak & Co. of Laconia, N. H. is in the process of finalizing its 2000 report regarding the general financial statements for the Town of Kingston. We regret that this report was not available at the time of printing. When the report is received, it will be announced and copies will be available.

~ REPORT OF TRUSTEES OF TRUST FUNDS ~

This year the Kingston Veterans' Club, Inc. installed a flagpole at Greenwood Cemetery. The flagpole and flags are maintained by the organization at no cost to the town and will become the centerpiece of a small memorial plaza honoring all veterans. A formal dedication will be held at a later date. The veterans also conduct military graveside services at no cost for Kingston residents that served in any branch of the armed forces.

A new contractor, Proscapes, maintained the three large cemeteries and did an excellent job.

Unlike many surrounding towns, Kingston has adequate land for expansion at Greenwood Cemetery. Lots are sold in multiples of two or three graves and may be combined for families. The price remains at \$150 per grave.

The Board continues to monitor investments to realize the highest possible income.

KINGSTON TOWN MUSEUM COMMITTEE ANNUAL REPORT - 2000

Again this year the Kingston Town Museum had excellent attendance during the Kingston Days Celebration in August. The barn and carriages, the Tramp House, the Cobbler Shop, and the museum itself were all open to all. A continual stream of people stopped by on Saturday and Sunday to visit the museum buildings and view the exhibits. The horse carriages and the antique fire pumper were on display in front of the Daley Barn, thanks to the fine weather.

Of particular note was the display of the town's original 1694 charter. This was the first time the charter had been on public display in many years.

The museum-sponsored flea market held during the Celebration was a success and raised additional funds for the Museum Committee account.

The Tramp house, with Kingston's local historian, Arthur Reynolds, narrating, was featured in an article on local town attractions published in the Lawrence Tribune Newspaper during the summer. Many thanks to Arthur for his fine portrayal of one of Kingston's historical gems.

Repainting of the Firehouse, the museum's main building, is in progress. Completion is expected by the Spring.

Several donations of items were received during the year. The museum is always looking for donations of any items and papers relating to the history of Kingston, its early inhabitants, and its surrounding towns. Please contact Dan Luparello (642-8838) or the Town Clerk.

The Museum Committee has room for 2 additional members and welcomes anyone willing to donate a small amount of their time to the preservation and display of town history.

IN MEMORIAM

Chief Neil R. Parker
1937-2000

The Town of Kingston was deeply saddened this year by the passing of Chief Parker. Neil served as Police Chief for 30 years, retiring in 1995. In his eulogy to Chief Parker, Chief Donald Briggs quoted the words of Ralph Waldo Emerson as a tribute to Neil's life:

*To laugh often and much;
to win the respect of intelligent people
and the affection of children;
to earn the appreciation of honest critics
and endure the betrayal of false friends;
to appreciate beauty;
to find the best in others;
to leave the world a bit better
whether by a healthy child,
a garden patch
or a redeemed social condition;
to know even one life has breathed easier
because you have lived.
This is to have succeeded.*
